WHY CHOOSE COLOMBIA?

Colombia provides exciting management challenges:

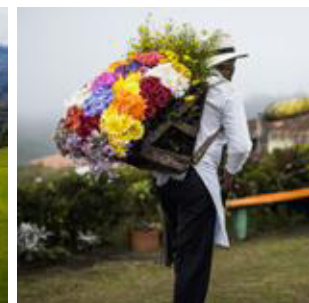

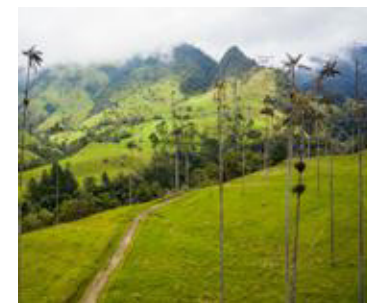

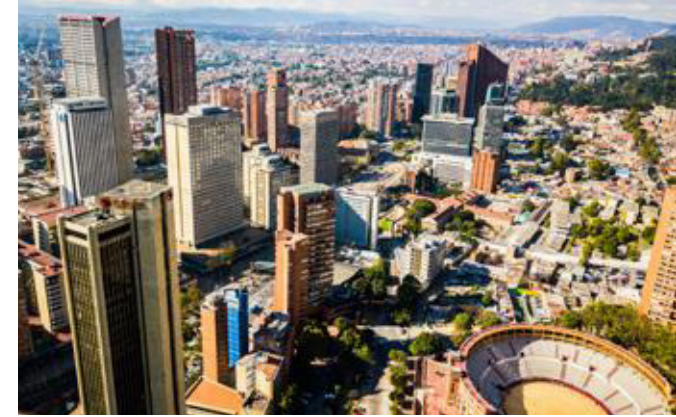

The Colombian economy is characterized by a large variety of formal and informal stakeholders that mandate **careful balancing of interests and the active consideration of informal actors**.

Colombia's geographical and natural diversity demands a high level of **resilience and adaptability in all organizational activities**.

Colombia's high level of diversity in cultural and economic development (from indigenous communities in the Amazon rainforest to highly developed areas in Bogota and Medellin) creates **a multitude of logics and marketplaces that require adaptable and flexible business models**.

The widespread desire towards economic progress (emerging economy) and societal progress (e.g., the peace process) in Colombia provides **ample opportunities to contribute to positive change and have visible impact**.

THE CEMS MIM AT UASM LEVERAGES THE LOCAL ENVIRONMENT TO CREATE IMMERSIVE AND RELEVANT LEARNING EXPERIENCES.

WHY CHOOSE UNIVERSIDAD DE LOS ANDES?

More than **700** organizations were served by thousands of UASM students in hundreds of consulting projects in recent years.

LEARNING OBJECTIVES

The CEMS MIM is designed to develop 5 key competences:

Internationalism:

Our graduates are knowledgeable international business practitioners, able to execute effective business decision-making in diverse contexts. This is reinforced by the international internship completed by each of our students during the program.

Business Embeddedness:

Our graduates apply advanced management and leadership competencies developed through systematic experience of and engagement with the corporate world.

Responsible Citizenship:

Our graduates champion a holistic vision of responsible business decision-making, leadership and citizenship, informed by ethical reasoning, personal integrity, and respect for social diversity.

Reflective Critical Thinking:

Our graduates are confident, agile, and reflective decision-makers and problem-solvers, able to formulate and apply innovative solutions to complex business challenges.

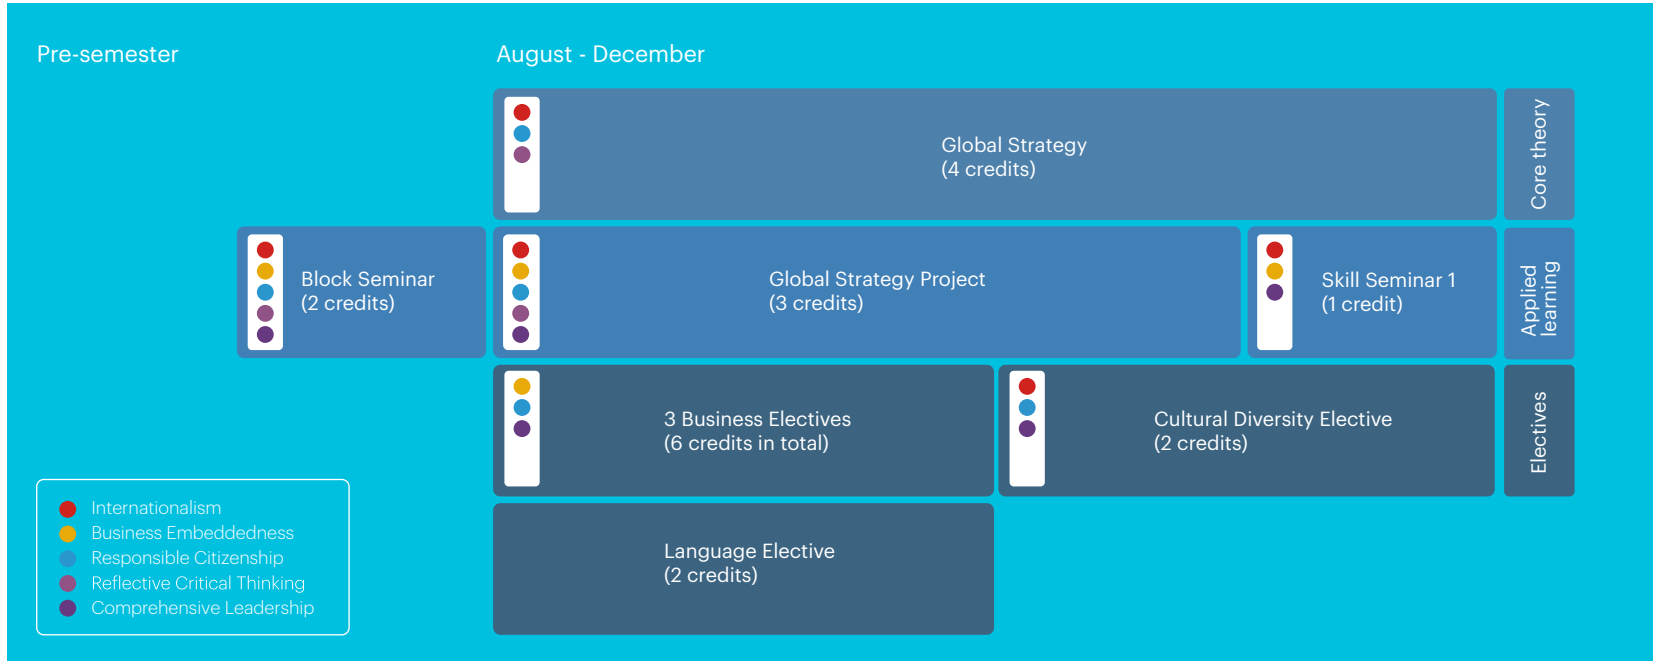

Comprehensive Leadership:

Our graduates are fully aware of their personal responsibility and accountability and of the ethical and cultural frameworks in which leadership is exerted.
